

## **Health & Safety Policy Statement**

The Director regards the promotion of Health & Safety measures as a mutual objective for both management and employees of the company

Our goal is to have an incident free workplace. This is an ambitious objective and everyone must work together to take responsibility not only to avoid personal accidents and damage to property but also to report potentially dangerous occurrences or hazards conditions.

The company recognises its responsibility

- To provide and maintain a safe working environment taking account of a its statutory obligations
- To provide training and instructions to enable work to be performed safely and efficiently
- To provide the necessary personal protective equipment and safety devices
- To provide adequate resources to fund health and safety initiatives in pursuit of our overall objective
- To continually monitor all aspects of Health and safety
- To continually review and upgrade safe working practices.
- Employees have a duty to co-operate fully
- By fully safely and efficiently
- By using the personal protective equipment and safety devices provided
- By reporting incidents that led, or may lead to injury or damage
- By Complying with the companies Health and Safety procedures
- By assisting in the investigation of accidents and dangerous occurrences,which may result in the introduction new improved procedures to prevent recurrence
- By wholeheartedly embracing the commitment of the company to provide a safe working environment
